Tarragona, Catalonia

SKILLS

- Full-Stack Development
- Software Development
- Database Management
- API Design

LANGUAGES

- Spanish
- Catalan
- English

EXPERIENCE

• FULL-STACK ENGINEER

2023 - Now

As the sole full-stack developer for a web application built with Next.js, React, and TypeScript, I am responsible for the entire development cycle. The platform enables users to receive real-time notifications when their selected products on Wallapop drop in price. I handle everything from front-end design and development to back-end API integration, ensuring a seamless and responsive user experience.

TECHNOLOGIES

- Typescript
- HTML
- React
- Next.js
- Git
- Node.js
- PostgreSQL
- MariaDB
